GENERAL CONDITIONS OF PLAY/ETIQUETTE
S.W.R. MENS & LADIES GOLF CLUB 2017 - 2018

ELIGIBILITY (Men) – Golf Australia **(Ladies) – Golf Australia**

HANDICAP GRADES

Men	A-Grade 0 – 13	Ladies	Division 1. 0 – 22
	B-Grade 14 – 20		Division 2. 23 – 30
	C-Grade 21 – 36		Division 3. 31 – 45

Handicap grades on Thursday / Sundays may be determined by numbers. Members should read all notice boards, golf link handicap, local rules board, scorecards before starting play so that they are deemed aware of all notices, local rules, conditions of play & handicap changes.

DRESS RULES

PLEASE NOTE – UNDER NO CIRCUMSTANCES WILL THE FOLLOWING BE ACCEPTED ON THE GOLF COURSE:

Singlets, shoes without socks, thongs, abbreviated football shorts, shirts without collars in competitions except for golf shirts, football socks, bare chested.

SOFT SPIKES

The S.W.R Golf Club has a policy of soft spikes & wide buggy tyres.

DISTANCE – MEASURING DEVICES

For all forms of play the following applies:- A player may obtain distance information by using a device that measures distance only. If during a stipulated round, any player using a distance-measuring device that is designed to gauge or measure other conditions that might affect their play (e.g. gradient, wind speed, temperature, etc) the same player is in breach of Rule 14-3 for which the penalty is disqualification regardless of whether any such additional function is actually used.

CARTS / BIKES

Carts/bikes must not be driven/ridden or parked within ten metres of a green or five metres from a tee, and must adhere to any direction signs where in place.

Carts/bikes should be driven on cart paths where available.

No more than two persons are permitted to ride on a cart at one time.

Our committee encourages cart-share.

The Match committee or greens staff reserves the right to limit the number of carts/bikes on the course.

At times due to weather conditions the head green keeper may decide that carts and bikes may not be allowed on the course.

PRIZE VOUCHERS / BALL COMPETITIONS

Prize vouchers must be used within three months of issue and **cannot** be redeemed for cash. Ball competition balls may be placed on a ball account with pro-shop or collected.

ETIQUETTE

The lowest marker in the group should see that all points of etiquette are observed, that the group keeps its place in the field, that each player repairs divots and plug/pitch marks on the greens and rake bunkers after play therein.

All players are asked to report to the starter and be ready to hit off 15 minutes before the time listed on the sheet, in case of cancellations. No player shall play until the players in front are out of range.

Players **MUST** take sand buckets to fill in divots. The use of golf carts is a privilege not a right. They are to be driven responsibly.

You can avoid accusations of slow play by:

1. Having a ball and tee in hand on arrival at the tee and playing promptly.
2. Mark card while other players are hitting off.
3. Plan ahead where you leave your buggy so minimizing delay in reaching the next tee.
4. Players should be ready to play promptly – this includes putting when it is your turn.
5. Players searching for a ball for a time of at least 2 minutes should call the following waiting players through.

To know the rules and observe the etiquette of golf is not only a tribute to you, but also a tribute to the Club to which you belong. Your enjoyment and the enjoyment of others, is often seriously impaired by a selfish disregard, or lack of knowledge of one or both of these two most important principles. Under the Rules of Golf you are obliged to report any breaches of the rules you may observe, to the Match committee for their action

PACE OF PLAY

Rule 6-7 will be strictly enforced. Each group must maintain its position on the course with respect to the group in front.

Remember your position in the field is immediately behind the players in front, not immediately in front of the players behind.

If players fail to keep their places in the field i.e. lose one clear hole behind those immediately preceding them they will be considered to be out of position. Penalties will be issued to individuals in such groups who by their pace contribute to such delay. Warnings may not be issued prior to issuing penalties. Players following such groups have the right to play through.

The players at fault must therefore:

1. Make up lost ground without delay, or
2. Call those following to go through. If they fail to do this the players following must indicate they intend to exercise their right to go through.

PRACTICE GREEN

The practice green in front of the pro shop may be used for putting and chipping, if you leave pitch marks you must repair them. A limit of 6 metres around the green is allowed for chipping including the long drive tee, outside of the 6 metres will be deemed as practicing on the course.

MENS/LADIES COMPETITION

The Match Committee is in charge of all play on the course and reserves the right to alter the programme or method of play at any time. All play is governed by the Rules of Golf and the regulations set out in this book.

A protest or dispute with any competition or match should be made in writing to the Match Committee to find a solution to the protest or dispute. This written complaint must be made at the completion of the round/match.

The Match Committee shall have the power to vary these conditions and to decide any dispute or question arising as to qualifications of any entrant and therefore may, in its absolute discretion at any time and without assigning any reason therefore, declare any entrant ineligible to compete.

The member of the Match Committee present during the playing of an event may exercise all functions of the Match Committee in relation to the event and shall constitute the Committee within the meaning of the Rules of Golf for the purpose of the conduct of the event. The Match Committee's decision in all competitions is final.

FINISHING TIME

Signed scorecards should be returned within 15 minutes after completion of play and entered in the computer via touch screen. Sanctions may apply if score is not entered into computer; the match committee decision will be final.

SUSPENSION OF PLAY

Play will be suspended for the following reasons:

- * Course deemed unplayable due to condition e.g.: *flooded greens etc.*
- * Course deemed dangerous for play due to weather e.g.: *electrical storm.*

In periods of rain, play may be suspended when one or more greens become flooded making them unplayable. Not with standing that a hole being played may not be flooded, if play is suspended then all players on the course are to comply. The decision to suspend play and for what period of time will be made by the Match Committee or the Starter.

The following signals are to be used:

- **Discontinue Play Immediately:** One long blast of the siren (mark your ball immediately move back to the clubhouse or seek shelter on the course).
- **Resume Play:** One prolonged note of the siren, repeated. Players must resume play immediately.

CANCELLATION OF AN EVENT

Should it not be possible for all players entered to complete a competition round due to the suspension of play for whatever reason, the competition of the day will be cancelled and a new competition may be added for those who completed their

round. Major events will be rescheduled for a later date should this occur. A personal decision by a player or players not to finish an event due to inclement weather is not a cancellation of an event.

REQUIREMENTS FOR AN OFFICIAL TROPHY

The number of players required to start in the field for a Men's Saturday and Sunday competition to make an official trophy available shall be as follows;

4 Ball Events	20 players
Single Events	10 players
Grade Events	10 players in each grade

COUNTBACKS

With the exception of Major Event Stroke winners, the Australian Countback System shall be used to decide ties in normal competition.

LOCAL RULES – PREFERRED LIES

If permitted by the rules of the day, a ball may be lifted, marked, replaced, cleaned and repositioned within 30cm of the original ball lie, not nearer the hole. Preferred lie rules will apply on the day.

A player may place their ball only once, and it is in play when it has been placed, Rule 20-4. If the ball fails to come to rest on the spot on which it is placed, Rule 20-3d applies. If the ball when placed comes to rest on the spot on which it is placed and it subsequently moves there is no penalty and must be played as it lies, unless the provisions of any other rule apply. If the player fails to mark the position of the ball before lifting it or moves the ball in any other manner, such as rolling it with a club, the player incurs a penalty of one stroke.

*** PENALTY FOR BREACH OF LOCAL RULE**

Match Play – Loss of the golf hole Stroke Play – Two Strokes

* If a player incurs the general penalty for a breach of this rule, no additional penalty under the local rule is applied

NOTE: The above local rules shall only apply when a notice to this effect is displayed on the temporary local rule board or appears on the scorecards.

LOCAL RULE – ACCIDENTAL MOVEMENT OF A BALL ON THE GREEN

Refer to Golf Australia's recommendations re accidental movement concerning contact with the ball via club, marker or other apparel (no penalty) by player, partner, opponent, or any of their caddies or equipment. If ball moves because of natural causes i.e. wind or water, it must be played from new location without penalty.

MAJOR GOLF EVENTS & FIXTURE LEGEND

[Refer to Legend at bottom of each Fixture List page](#)

The respective committees will promote "Major Events"

SOME GOLF COMPETITIONS AND HOW THEY ARE PLAYED

STROKE (Medal) EVENT

The score of each hole is recorded on the scorecard, totalled and the player's full handicap applied. The player who completes the round in the fewest number of strokes is the winner.

FOUR BALL BEST BALL (4BBB) V PAR

Two players play as partners, each taking strokes at holes as in par competition. If one player wins the hole and the other halves the hole, only the win is counted. If one halves the hole and the other loses it, only the half is counted and so on. The result is recorded as in ordinary par competition.

Note: Care must be taken to mark the result of each player in separate columns headed by the initials of each player. If the Committee cannot verify the results for each player then the players will be disqualified.

PAR EVENTS

The score is recorded on the scorecard as in stroke play. After entering the stroke score, the par result is placed in the column provided (note you are not required to record your strokes if the result is worse than par after the handicap for the hole has been deducted) results recorded as.

+ For a win (better than par)

0 for a half (even par)

- For a loss (worse than par)

On completion of the round the plus and minus signs are added and the nett result is written up in so many UP, DOWN or EVEN. A player is allowed his full handicap and the strokes are taken at holes as indicated on the card. If the players handicap is more than 18, two strokes will be allowed on the number of holes that the handicap exceeds 18. These strokes will be taken in the same order as followed for the first 18 unless the index goes beyond 18. It is the custom that when a player is beaten by par, the ball shall be picked up. This helps speed up play.

STABLEFORD EVENTS

This method of scoring was introduced by Dr. Stableford of the Liverpool Golf Club in 1931. The method of playing is for the player to take strokes at holes as in par events using full handicaps and to score points in the nett result at each hole. At the end of the round all the points are added up and the player having the highest number of points is the winner. After allowing handicap the player who scores

1 over par receives 1 point

par receives 2 points

1 under par receives 3 points

2 under par receives 4 points and so on

FOUR BALL BEST BALL (4BBB) STABLEFORD

This event is played in the same manner as 4BBB par, except that the better ball of the partnership is recorded with points instead of plus, minus or half.

4 MAN TEAM EVENT

A team of 4 players, the persons/person with the best scores/score on the hole has the team score. The score is recorded for each hole at the end of the round all the points are added up and the team having the highest number of points is the winner.

2 BALLS

These events are run in conjunction with single events. For the purpose of rules adjudication and handicapping, the formal event of the day is the individual event. Therefore players *can't* give and or receive advice from each other etc. This covers all 2 ball competition events and the 4 man team event.

FOURSOMES

Two players play as partners and use only one ball. The partners hit off alternatively from the tee and thereafter strike the ball alternatively during the play of each hole. The gross scores are recorded and the total is subject to deduction of half the partner's aggregate handicaps.

Note: If one player incurs a penalty stroke this does not alter the rotation of play. In foursomes stroke competition held over several rounds the order of play may be changed between rounds unless the Committee has laid down as a condition of play, that the original order of play must be maintained through the competition. Foursomes can be played under either stroke or match play condition and Rule 29 is relevant to foursomes.

MIXED FOURSOMES

Mixed foursomes are played in the same manner as foursomes except the ladies use their own tee. The Committee should lay down as a condition of play, if the male or female is required to play from the first tee, and this is preserved through competition with several rounds. Ladies and men use their full handicap.

CANADIAN FOURSOMES

Played as above except that both players use tee shots at every hole and afterwards continue with whichever ball they nominate, the partner hitting the selected ball.

AMERICAN FOURSOMES (PINEHURST)

Both players play tee shots at each hole then play a second stroke with their partner's ball. One ball is then selected and play proceeds as in foursomes with the owner of the ball playing the third stroke.

Mens: handicap allowance ½ of aggregate stroke/stableford events.

Ladies: handicap allowance 3/8 of aggregate stroke/stableford events.

CANADIAN TWO STROKE FOURSOMES

Both players hit tee shots, hit their own ball a second time then select the better (partner to hit such ball) and thereafter strike the ball alternatively until holed out.

MULTIPLIER EVENTS

Four ball multiplier is scored each hole by multiplying player A's stableford score for the hole by player B's stableford score, ie: player A scores 2 points and player B scores 3 points the four ball score is 6 points. If either player fails to score then the four ball score is nil.

AMBROSE EVENTS

Team stroke event played in teams of 2, 3 or 4 players. All players play tee shots at each hole, the captain then selects the best ball. The other players then place their ball within one club length of the selected position (except on greens where the balls are placed no more than one putter head length on either side but not nearer the hole) and play their second shots. This procedure continues until holed out. NOTE that if the selected ball is in the rough then all other balls must be played from the rough, if a ball is selected in a bunker or hazard the other players may *place* their ball within one club length (bunkers can be raked after each shot).

Ambrose Handicaps:

2 players 1/4 of combined handicap and three tee shots must be taken each nine by both players.

3 players 1/6 of combined handicap and two tee shots must be taken each nine by all players.

4 players 1/8 of combined handicap and three tee shot must be taken over 18 holes by all players.

IRISH FOUR BALL

Is played as a team of four players. At holes 1-6 the best in individual score is recorded, at 7-12 the best two individual scores are recorded. At holes 13-18 the best three individual scores are recorded.

LAS VEGAS

Team stroke event played in teams of 3 or 4 players. All players play tee shots at each hole, the captain then selects the best ball, that player does not play the next shot. The other players then place their ball within one club length of the selected position (except on greens where the balls are placed no more than one putter head length on either side but not nearer the hole) and play their second shots. This procedure continues until the green is reached. Once the green is reached all players may putt. NOTE that if the selected ball is in the rough then all other balls must be played from the rough, if a ball is selected in a bunker or hazard the other players may place their ball within one club length (bunkers can be raked after each shot).

MYSTERY HANDICAP

Played the same way as an Ambrose with the exception that 4 holes (1 par 3, 1 par 5 and 2 par 4's) are drawn from a hat at presentations, then multiply those holes by how many over or under your team is by three. (eg: 3 over par x 3 = 9, 3 under par x 3 = -9). This is then your handicap for the comp.

COLOUR BALL

Is played by 4-person teams. Every player plays the hole with their own ball, but per hole, one player plays the colored ball. This ball rotates among the team members per hole: A plays it on hole 1, B plays it on hole 2, C plays it on hole 3, etc. The team score is the total of the score from the coloured ball, but you must hand in the coloured ball at the end of the round to qualify for the team score.
